Re: **Access to Well**  
**Bridgeview II Auto Detailing, Block 69, Lot 1.14**  
**GEO Project No. 94039T4**

Dear Ms. Piette:

Enclosed please find authorization to enter the above mentioned property for purposes of surveying, measuring and collecting samples from the Army Corps of Engineers monitoring well. However, I ask that you notify me three (3) days prior to entering the property so that I can have the heavy machinery moved from the premises.

If you have any questions or need further information, please feel free to contact me.

Very truly yours,

Charles B. Pinto
